Subject: EPA approval letter of Harbor Oil Work Plan

Jayne,

Here is EPA's approval letter for the Harbor Oil RI/FS Work Plan.

Please note that there are some minor issues which should be fixed in the text of the document, ie:

1. The relative percent difference (RPD) equation provided in Section 3.4.3.1 (page 91) of the QAPP is incorrect. The equation should take the absolute value of the numerator. There can not be a negative valued numerator.
2. The media "groundwater" appears to be incorrectly referred to as "soil" in the text added to QAPP Section 3.1.1.3 - Groundwater Samples (page 44), regarding the facility-related determination.
